412M

An impressive 1/2 blood ET son of Barrett Super Duty and 428P, our excellent donor cow we will be having a bunch more calves by. Full sisters to this bull have been very good.

812N A really thick, moderate framed red blaze faced bull out of our FS Advance 1060J bull and a Feddes bred Red Angus cow from MT. A bull that will add thickness, maternal, and fleshing ability.

40N A stylish black commercial SimAngus bull by a 1st calf heifer Guest consigned by Sylvester Bros. Westmoreland.

41N A really big and stout black brockle faced bull buy a first calf heifer. Guest consigned by the Sylvester Bros. Westmoreland.

A bit about how to read the Neogen Angus GS 50K Genomic Scores. The closer to 1 is more ideal for the measured trait with closer to 100 being less beneficial.

We feel it shows a true representation of each trait per bull. From our experience it is accurate.

All bulls sell guaranteed for the first 90 day breeding season.

Call Lance Cline at 785-564-1744 or Austin Cline at 785-565-3246 if we can help you in any way.

Thank you very much for your interest and continued support in the Cline Cattle Co program.
